CITIZENSHIP

Turkmenistan

EDUCATION

2015 - 2018 : **Master of Science**, Structural Engineering,

Istanbul Technical University, Turkey

Thesis: *Structural Health Monitoring of the Masonry Bridge*

Supervisor: Dr. Burcu Gunes

2010 – 2015 : **Bachelor of Science**, Civil Engineering,

Paragon International University, Phnom Penh, Cambodia

EXPERIENCE

October, 2018 – Present Lecturer in Civil Engineering Department,

Paragon International University, Phnom Penh, Cambodia.

FELLOWSHIPS

2015 - 2016 Scholarship by Japan Turkish Central Asian Friendship Association
for Graduate Students (JATCAFA)

TEACHING AND RESEARCH INTERESTS

- Structural Analysis
- Masonry Structures
- Structural Dynamics
- Structural Health Monitoring (SHM)

PUBLICATIONS

(<https://scholar.google.com/citations?user=8u5nHPoAAAAJ&hl=en>)

1. Structural Equation Model of the Factors Affecting Construction Labor Productivity.
Journal of Construction Engineering Management 144 (4)
2. Understanding Construction Stakeholders' Experience and Attitudes toward Use of the Structurally Insulated Panels (SIPs) in New Zealand
Sustainability 11 (19)
3. Construction Materials' Properties: Investigation of Unreinforced Masonry Buildings in the Cities of Tirana, Durrës and Elbasan
Journal of Construction Materials (just accepted, not published yet)
